

UTERINE FIBROID---

UTERINE FIBROIDS CAN BE DISSOLVE BY AYURVEDIC MEDICINE

Now days we are facing a major problems in medical faculty, especially in gynaec disorders known as uterine fibroids Due to sedentary life stylHotel food pills Â overuse Hormonal imbalance.

As Secondary complication

Now days available treatment is antibiotics ,hormonal treatment and surgery as hysterectomy etc.

But now days ayurved Â has taken initiative Â for treatment of it .in 90% patients we have tried a research formula Â of 3cm sized fibroid Â is reduced in 5 months and completely dissolves in 6-10 months ayurvedic medicines. It is surprising Â result and lots of patients can take advantage of it. please check testimonials.
